

Bombardier Global Series

Professional Pilot and Technician Training Programs

Experienced
Instructors,
Superior
Training
Technology

FlightSafety offers comprehensive, professional training on Bombardier business aircraft, including the Global series aircraft. Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency and safety. Our Learning Center in Wilmington, Delaware, offers both pilot and maintenance technician training for the Bombardier Global classic series (non-GVFD). Our Learning Center in Columbus, Ohio, offers pilot training for Bombardier Global 5000/6000 GVFD aircraft.

Innovation With One Purpose: Training Corporate Aviation Professionals for Safety and Proficiency

FlightSafety International is the world's leading aviation training organization. The leader in experience. The leader in technological innovation. The leader in global reach. FlightSafety serves the world's aviation community providing total aviation training for pilots, maintenance technicians and other aviation professionals. We serve business, commercial, general and military aviation with training for virtually all fixed-wing aircraft and helicopters. We live, breathe and ThinkSafety.

FlightSafety provides training for Bombardier Global classic series, Global 5000/6000 GVFD series, Bombardier Learjet and Bombardier Challenger aircraft. We offer business aviation pilots and maintenance technicians of Bombardier aircraft the resources to achieve proficiency and safety, with an instructor base consisting of former chief pilots, line captains and regional jet captains. FlightSafety Learning Centers for Bombardier business aircraft are located in Atlanta, Georgia; Columbus, Ohio; Houston, Texas; Tucson, Arizona; Wichita, Kansas; and Wilmington, Delaware.

Bombardier Global Series Training Program Highlights

- We offer Bombardier Global series aircraft recurrent training for FAA Part 61, FAA Part 135 and EASA/Non-FAA clients.
- Training for Bombardier Global series aircraft features experienced, high-time instructors.
- Vertical navigation HUD/EVS (Head-Up Display and Enhanced Vision System) training for Bombardier Global Express operators is provided at our Wilmington Learning Center, conducted by instructors with extensive HUD/EVS experience.
- Maintenance training for the Global series includes Initial, Update, Engine Run & Taxi and Avionics/Electrical Interface.
- Our Level D Global 5000/6000 simulator in Columbus, Ohio, features Global Vision Flight Deck.
- Our recently upgraded Level D simulator at Wilmington can offer training for the Bombardier Global Express, Global Express XRS and Global 5000 aircraft. The simulator – which is qualified by the FAA, EASA, ANAC-Brazil, MCGAC, TC and GACA – is also scheduled for an upgrade to FlightSafety's industry-leading VITAL 1100 visual system.
- European-based operators of Bombardier business aircraft can receive EASA-compliant training at all FlightSafety Bombardier Learning Centers in North America.
- We offer customized training programs to meet your specific training needs.

Bombardier Global Series Training Program Highlights

(continued from previous page)

- Get a head start on your training with pre-course study guides available at myFlightSafety.com, now compatible with the iPad.
- We now offer Operational Day Flow training for the Bombardier Global series. ODF training presents daily flight profile scenarios as part of an enhanced multimedia training environment.
- Advance your career while enhancing safety and improving dispatch reliability with FlightSafety's exclusive Master Technician training for the Bombardier Global series. Master Technicians are recognized throughout the industry as having achieved the pinnacle of training for their aircraft.
- Training courseware and training devices for the Global series aircraft were developed in conjunction with Bombardier.
- We have incorporated Graphical Flight-deck Simulator (GFS) training into the Global series program. The GFS leverages our exclusive MATRIX system technology, providing real-time and interactive simulation during ground training that is proven to enhance your overall learning experience.
- A wide variety of specialty and enrichment training is available through our eLearning and LiveLearning courses. eLearning courses include CPDLC.
- iPad convenience – download our application and gain access to all classroom training materials. The application puts all these resources at your fingertips, making home study and in-flight planning easy and accessible.

Your FlightSafety Learning Center Experience

- 1 Check-In/Orientation** Arriving at the center, you receive a warm greeting and a welcome packet of information about the specifics of your stay.
- 2 Classroom Instruction** Receive thorough classroom training from experienced, dedicated instructors supported by effective, state-of-the-art training devices.
- 3 Peer Interaction** Enjoy daily give-and-take with your peers, an important and stimulating additional source of information.
- 4 Self-Paced Learning** While you're with us, take advantage of opportunities to review topics or learn new subject matter through a variety of self-paced learning materials.
- 5 Simulator Briefings** Prior to each simulator flight, review with your instructor the procedures and specific objectives of that particular session.
- 6 Simulator Training** Coached by your highly qualified instructor, practice and refine the flight-deck procedures requisite to your course of training.
- 7 Simulator Debriefings** After each simulator flight, debrief with your instructor to measure your progress and set your learning priorities.
- 8 Results** Complete your training knowing you have the information and skills your job demands – because training doesn't stop until you've reached proficiency.

Simulator Profiles

Location	Year Built	Sim Level	Approvals	Avionics	Additional Equipment	Visual System	Debriefing System
Wilmington	2004	D	FAA, EASA, ANAC-Brazil, MDGAC, TC, GACA	Honeywell Primus 2000XP	TCAS 2000, GPS, EGPWS, HUD, EVS	VITAL IX*	N/A
Columbus	2012	D	FAA, EASA, TC, GACA	Global Vision Flight Deck	HUD, EVS, SVS, WAAS, LPV, CPDLC	VITAL X	SimVu

*Upgrade to VITAL 1100 scheduled.

Program Details

Location	Ground School Software	High-Tech Classroom	FTD, CTP, GFS	Differences Courses
Wilmington	ACPS	Yes		Global 5000, Global XRS
Columbus	MATRIX, DTS	Yes	GFS (2)	Global Express to Global 6000 (GVFD), Global 5000 (non-GVFD) to Global 6000 (GVFD)

The FlightSafety Customer Training System

The FlightSafety Customer Training System provides professional, safety-centered training that leads to proficiency, heightened decision-making and leadership skills.

Inside the Most Trusted Name in Training

Global Leadership FlightSafety delivers more than 1.2 million hours of professional aviation training each year. We operate the world's largest aviation training network, with Learning Centers and training locations around the globe. We are honored to serve as the authorized training provider for the majority of business aircraft manufacturers.

Expert Instructors FlightSafety fields more than 1,800 of the industry's best instructors, each devoted to ensuring that our Customers are trained to proficiency. Each with the experience and credentials necessary to help our Customers perform at the highest levels of safety.

Strategic Locations. Worldwide Vision. We train to best meet our Customers' needs, wherever they may be. This is why FlightSafety's Learning Centers are strategically located adjacent to the major aircraft manufacturers or in other areas that best serve our Customers. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to the aircraft of one manufacturer.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.*

*Not all programs qualified by all authorities listed.

Bombardier Global Express/Global 6000 Pilot Training

COURSE CURRICULUM	INITIAL (GLOBAL EXPRESS)	INITIAL (GLOBAL 6000)	RECURRENT	PRIOR EXPERIENCE
COURSE MODULE	21 DAYS	22 DAYS	5 DAYS	6 DAYS
Ground School	74.0 hours	82.0 hours	16.0 hours	16.0 hours
Briefing/Debriefing	14.0 hours	10.5 hours	3.0 hours	8.0 hours
Simulator (Pilot Flying)	14.0 hours	14.0 hours	6.0 hours	8.0 hours

Course Length – Course length does not include simulator check days, if required.

Prior Experience Course – This course is designed for pilots who are seeking a Global Express/Global 6000 type rating and have previously completed an initial Global Express/Global 6000 training course. In addition, this course is also for those pilots who have been flying the aircraft as SIC and now want to obtain a type rating. These pilots must have completed an FAA-approved pilot initial course and have a minimum of 1,000 hours of flight time in this aircraft type.

Aircraft Models Included – Courses cover Global Express, Global 6000, Global 5000 and Global XRS models.

Avionics Training – Global Express/Global 6000 Avionics include: Honeywell Primus 2000XP avionics suite, TCAS 2000, EGPWS, GPS, SATCOM M Head-Up Display (HUD) and Enhanced Vision System (EVS). The standard courses above cover all of these except for HUD and EVS, which are included only in the initial course. Separate courses for these are available to clients who took initial training at another provider.

Additional Courses Available for the Global Express/Global 6000 – Global Express/Global 6000 HUD, Global Express/Global 6000 EVS, Cat II Qualification Training, CPDLC eLearning – Batch 3 differences, Global to Global 6000 (GVFD) differences in Columbus, Global 6000 (GVFD) to Global differences in Wilmington.

Specialty Airport Training Available for: Eagle, Aspen, Katmandu, Innsbruck and Sion.
