BE PREPARED FOR UNEXPECTED ONBOARD SITUATIONS

FlightSafety now offers safety training tailored to business aircraft passengers. Take advantage of our

Executive Emergency course at one of our Learning Centers or on location at your facility and in your aircraft.

The training meets IS-BAO recommendations for passenger instruction and can be tailored to the specific needs of passengers and the flight operation. Course location and timing is flexible to meet your schedule.

Training options include a wide variety of emergency situations using onboard emergency equipment such as fire extinguishers, aircraft exits, oxygen equipment, life vests and life rafts. Participants also gain a basic understanding of aircraft systems, focused on your aircraft and equipment.

Emergency Training

- Emergency assignments and procedures
- Onboard emergency equipment
- Ditching and survival equipment
- Portable extinguishers
- Emergency situations
- Aircraft fires
- Decompressions
