

Cessna Citation Excel/XLS/XLS+

Professional Pilot and Technician Training Programs

As the factory-authorized training provider for Cessna (Textron Aviation) for more than four decades, FlightSafety offers type-specific, simulator-based training on all Cessna Citation models, including the Citation Excel, XLS and XLS+. Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency and safety. FlightSafety Learning Centers for Cessna Citation Excel, XLS and XLS+ pilot training are located in Columbus, Ohio; London Farnborough, United Kingdom; Orlando, Florida; and San Antonio, Texas. Maintenance training is located in Wichita, Kansas, at the Wichita Maintenance Learning Center.

Innovation With One Purpose: Training Corporate Aviation Professionals for Safety and Proficiency

FlightSafety International is the world's leading aviation training organization. The leader in experience. The leader in technological innovation. The leader in global reach. FlightSafety serves the world's aviation community providing total aviation training for pilots, maintenance technicians and other aviation professionals. We serve business, commercial, general and military aviation with training for virtually all fixed-wing aircraft and helicopters. We live, breathe and ThinkSafety.

FlightSafety enjoys a strong relationship with Cessna that is built around our programs for aircraft including the Citation series. FlightSafety Learning Centers offer business aviation pilots and maintenance technicians of Cessna Citation aircraft the resources to achieve proficiency and safety. Cessna Citation Learning Centers are located in Atlanta, Georgia; Columbus, Ohio; London Farnborough, United Kingdom; Long Beach, California; Orlando, Florida; San Antonio, Texas; and Wichita, Kansas – sites chosen for customer convenience and proximity to major service facilities.

Cessna Citation Excel/XLS/XLS+ Training Program Highlights

- FlightSafety operates the world's only Citation XLS+ full flight simulators.
- Get a head start on your training with FlightBag, our second-generation training materials app. Download complete training and pre-course study materials and access them wherever you are from any device. Materials are updated automatically as new information becomes available, yet it keeps all of your previous notes.
- Cessna simulators are equipped with various avionics suites, resulting in training options that are relevant to specific pilots' needs.
- FlightSafety International and Cessna have developed a close day-to-day working partnership for more than four decades. This ensures that pilots and maintenance technicians who operate Cessna aircraft receive the highest quality and most up-to-date training possible.

Cessna Citation Excel/XLS/XLS+ Training Program Highlights (continued from previous page)

- FlightSafety's Citation Excel/XLS/XLS+ Learning Centers are located near Textron Service Centers.
- Citation Excel, XLS and XLS+ Master Technician training provides a career development path for maintenance technicians through a rigorous and progressive course of study that results in optimal advanced-skills training. This certification program is recognized and highly respected in the industry. You benefit from reduced aircraft downtime, improved turnaround times and enhanced dispatch reliability.
- FlightSafety International offers cutting-edge, in-depth maintenance training for the Citation Excel, XLS and XLS+. You benefit from both academic instruction and hands-on training, leveraging classroom environments with situational awareness.
- FlightSafety's Wichita Maintenance Learning Center is located near the Wichita Textron Service Center and factory.

Your FlightSafety Learning Center Experience

- 1 Check-In/Orientation** Arriving at the center, you receive a warm greeting and a welcome packet of information about the specifics of your stay.
- 2 Classroom Instruction** Receive thorough classroom training from experienced, dedicated instructors supported by effective, state-of-the-art training devices.
- 3 Peer Interaction** Enjoy daily give-and-take with your peers, an important and stimulating additional source of information.
- 4 Self-Paced Learning** While you're with us, take advantage of opportunities to review topics or learn new subject matter through a variety of self-paced learning materials.
- 5 Simulator Briefings** Prior to each simulator flight, review with your instructor the procedures and specific objectives of that particular session.
- 6 Simulator Training** Coached by your highly qualified instructor, practice and refine the flight-deck procedures requisite to your course of training.
- 7 Simulator Debriefings** After each simulator flight, debrief with your instructor to measure your progress and set your learning priorities.
- 8 Results** Complete your training knowing you have the information and skills your job demands – because training doesn't stop until you've reached proficiency.

The FlightSafety Customer Training System

The FlightSafety Customer Training System provides professional, safety-centered training that leads to proficiency, heightened decision-making and leadership skills.

Inside the
Most Trusted
Name in
Training

Global Leadership FlightSafety delivers more than 1.4 million hours of professional aviation training each year. We operate the world's largest aviation training network, with Learning Centers and training locations around the globe. We are honored to serve as the authorized training provider for the majority of business aircraft manufacturers.

Expert Instructors FlightSafety fields more than 1,800 of the industry's best instructors, each devoted to ensuring that our Customers are trained to proficiency. Each with the experience and credentials necessary to help our Customers perform at the highest levels of safety.

Strategic Locations. Worldwide Vision. We train to best meet our Customers' needs, wherever they may be. This is why FlightSafety's Learning Centers are strategically located adjacent to the major aircraft manufacturers or in other areas that best serve our Customers. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to the aircraft of one manufacturer.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.*

*Not all programs qualified by all authorities listed.

Cessna Citation Excel/XLS/XLS+ Pilot Training

COURSE CURRICULUM	INITIAL EXCEL/XLS	INITIAL XLS+	RECURRENT ALL MODELS	PRIOR EXPERIENCE ALL MODELS	PRO LINE 21/FMS 3000 INDOC
COURSE MODULE	13 DAYS	17 DAYS	3-4 DAYS	4 DAYS	1 DAY
Ground School	39.0 hours	44.0 hours	11.0 hours	11.0 hours	6.0 hours
Systems Integration Training	5.0 hours	7.0 hours	1.0 hour	1.0 hour	2.0 hours
Briefing/Debriefing	9.0 hours	9.0 hours	2 - 3.0 hours	4.0 hours	N/A
Simulator (Pilot Flying)	12.0 hours	12.0 hours	6.0 hours	8.0 hours	N/A
Simulator (Pilot Monitoring)	12.0 hours	12.0 hours	6.0 hours	8.0 hours	N/A
Flight Training	If required	If required	N/A	N/A	N/A

Course Length – All Learning Centers teach the same curriculum with the same number of total hours, however, the course length varies at some centers based on the number of hours taught each day. Additionally, the EASA training curriculum requires additional time.

Prior Experience Course – This course is designed for pilots who are seeking the addition of an ATP. These pilots must have completed an FAA-approved course which led to a type rating prior to enrollment. In addition, this course is also for those pilots who have been flying the aircraft as SIC and now want to obtain a Type Rating. These pilots must have completed an FAA-approved pilot initial course and meet the type rating prerequisites. **All Prior Experience Courses are scheduled on request.**

Type Rating Prerequisites – As a minimum, pilots must possess a multi-engine and instrument rating with 1,000 hours total time for the Type Rating.

ATP Prerequisites – FlightSafety is able to administer Airline Transport Certificate (ATP) Checks during the Pilot Initial and Prior Experience Course. To qualify, pilots must meet the requirements of 14 CFR Part 61.155 through 61.159.

XLS+ Pro Line 21/FMS 3000 Indoctrination Course – FlightSafety has designed a 1-day Collins Pro Line 21/FMS 3000 Indoctrination Course for pilots who possess a CE560XL type rating, have experience in the Citation Excel or XLS, and are transitioning to the XLS+. This course is conducted the day prior to the start of the standard XLS+ Recurrent or Prior Experience Course.
