

# Cessna Citation Sovereign/Sovereign+

*Professional Pilot and Technician Training Programs*

*As the factory-authorized training provider for Cessna Aircraft Company for more than three decades, FlightSafety offers type-specific, simulator-based training on all Cessna Citation models, including the Citation Sovereign and Sovereign+. Cessna Citation Sovereign pilot training is available at FlightSafety Learning Centers in Columbus, Ohio; London Farnborough, United Kingdom; and Orlando, Florida. Citation Sovereign and Sovereign+ training is available in Wichita, Kansas. We offer a full range of maintenance training at our Wichita (Cessna) Maintenance Learning Center.*

### **Innovation With One Purpose: Training Corporate Aviation Professionals for Safety and Proficiency**

FlightSafety International is the world's leading aviation training organization. The leader in experience. The leader in technological innovation. The leader in global reach. FlightSafety serves the world's aviation community providing total aviation training for pilots, maintenance technicians and other aviation professionals. We serve business, commercial, general and military aviation with training for virtually all fixed-wing aircraft and helicopters. We live, breathe and ThinkSafety.

FlightSafety enjoys a strong relationship with Cessna that is built around FlightSafety's programs for the full line of Cessna Citation business jets. FlightSafety Learning Centers offer Cessna Citation pilots and maintenance technicians the resources to achieve proficiency and safety. Citation Learning Centers are located in Atlanta, Georgia; Columbus, Ohio; London Farnborough, United Kingdom; Long Beach, California; Orlando, Florida; Paris-Le Bourget, France; San Antonio, Texas; and Wichita, Kansas – sites chosen for customer convenience and proximity to major service facilities.

# Cessna Citation Sovereign/Sovereign+ Training Program Highlights

- FlightSafety instructors average thousands of hours of experience.
- FlightSafety has been training Sovereign pilots since the first aircraft delivery in 2004. Many of the original Sovereign instructors now deliver training for the Sovereign+.
- FlightSafety is the only provider to offer Sovereign+ training in the world.
- FlightSafety International and Cessna Aircraft Company have developed a close day-to-day working partnership over the past 30+ years. This ensures that pilots and maintenance technicians who operate Cessna aircraft receive the highest quality and most up-to-date training possible.
- Customized training programs are available to meet specific training needs.
- We offer extensive avionics training utilizing our Graphical Flight-deck Simulators.
- Our Orlando and Wichita Learning Centers are conveniently located next to major Cessna service centers.

(continued on next page)

# Cessna Citation Sovereign/Sovereign+ Training Program Highlights (continued from previous page)

- Take advantage of Wi-Fi connections during your training at FlightSafety Cessna Learning Centers.
- Simulators have been recently upgraded to the latest Honeywell Phase 5.2 avionics.
- Get a head start on your Sovereign training with pre-course study guides available at [myFlightSafety.com](http://myFlightSafety.com).
- Sovereign Master Technician training provides a career development path for maintenance technicians through a rigorous and progressive course of study that results in optimal advanced skills training. This certification program is recognized and highly respected in the industry. The Customer benefits from reduced aircraft downtime, improved turnaround times and enhanced dispatch reliability.
- FlightSafety's 65,000-square-foot Cessna Maintenance Learning Center is located next door to the Cessna Citation Service Center. This facility offers the ultimate training experience for maintenance technicians.
- MXAdvantage gives you the safety advantage in cutting-edge factory-authorized training. FlightSafety International and Cessna Aircraft Company draw on their close working partnership of more than 30 years to offer MXAdvantage, the ultimate in-depth maintenance training. Technicians benefit from both academic instruction and hands-on training, leveraging classroom environments with situational awareness.

# Your FlightSafety Learning Center Experience

- 1 Check-In/Orientation** Arriving at the center, you receive a warm greeting and a welcome packet of information about the specifics of your stay.
- 2 Classroom Instruction** Receive thorough classroom training from experienced, dedicated instructors supported by effective, state-of-the-art training devices.
- 3 Peer Interaction** Enjoy daily give-and-take with your peers, an important and stimulating additional source of information.
- 4 Self-Paced Learning** While you're with us, take advantage of opportunities to review topics or learn new subject matter through a variety of self-paced learning materials.
- 5 Simulator Briefings** Prior to each simulator flight, review with your instructor the procedures and specific objectives of that particular session.
- 6 Simulator Training** Coached by your highly qualified instructor, practice and refine the flight-deck procedures requisite to your course of training.
- 7 Simulator Debriefings** After each simulator flight, debrief with your instructor to measure your progress and set your learning priorities.
- 8 Results** Complete your training knowing you have the information and skills your job demands – because training doesn't stop until you've reached proficiency.

## Simulator Profiles

Location	Year Built	Sim Level	Approvals	Avionics	Additional Equipment	Visual System	Debriefing System
Columbus (Sovereign)	2006	D	FAA, GACA, MDGAC	Honeywell EPIC	L3 Standby Flight Display, APU, Electric Motion Base	VITAL IX	SimVu

# The FlightSafety Customer Training System

The FlightSafety Customer Training System provides professional, safety-centered training that leads to proficiency, heightened decision-making and leadership skills.

Inside the  
Most Trusted  
Name in  
Training

**Global Leadership** FlightSafety delivers more than 1 million hours of professional aviation training each year. We operate the world's largest aviation training network, with Learning Centers and training locations around the globe. We are honored to serve as the authorized training provider for the majority of business aircraft manufacturers.

**Expert Instructors** FlightSafety fields more than 1,800 of the industry's best instructors, each devoted to ensuring that our Customers are trained to proficiency. Each with the experience and credentials necessary to help our Customers perform at the highest levels of safety.

**Strategic Locations. Worldwide Vision.** We train to best meet our Customers' needs, wherever they may be. This is why FlightSafety's Learning Centers are strategically located adjacent to the major aircraft manufacturers or in other areas that best serve our Customers. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to the aircraft of one manufacturer.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.\*

\*Not all programs qualified by all authorities listed.

# Citation Sovereign/Sovereign+ Pilot Training

COURSE CURRICULUM	SOVEREIGN INITIAL	SOVEREIGN+ INITIAL	RECURRENT	PRIOR EXPERIENCE	SOVEREIGN+ INDOCTRINATION
COURSE MODULE	19 DAYS	19 DAYS	5 DAYS	6 DAYS	2 DAYS
Ground School	44.0 hours	48.0 hours	14.0 hours	15.0 hours	14.0 hours
Systems Integration Training	17.0 hours	14.0 hours	2.0 hours	2.0 hours	2.0 hours
Briefing/Debriefing	9.0 hours	10.5 hours	3.0 hours	4.0 hours	N/A
Simulator (Pilot Flying)	12.0 hours	14.0 hours	6.0 hours	8.0 hours	N/A
Simulator (Pilot Monitoring)	12.0 hours	14.0 hours	6.0 hours	8.0 hours	N/A

**Indoctrination Course** – FlightSafety has designed a 2-day Sovereign+ Indoctrination Course required for pilots who possess a CE680 type rating, have experience in the CE680, and are transitioning to the CE680+. This course is conducted the two days prior to the start of the standard Sovereign Recurrent or Prior Experience Course, on select days. Pilots attending Recurrent or Prior Experience Courses who have already attended the Sovereign+ Indoctrination Course are not required to attend the Indoctrination Course again, but are welcome to attend for an additional charge.

**Sovereign+ training is only available in Wichita.**

**Prior Experience Course** – This course is designed for pilots who are seeking an additional type rating (Single Pilot or Crew), or the addition of an ATP. These pilots must have completed an FAA-approved course which led to a type rating prior to enrollment. In addition, this course is also for those pilots who have been flying the aircraft as SIC and now want to obtain a type rating. These pilots must have completed an FAA-approved pilot initial course and meet the type rating prerequisites.

**Type Rating Prerequisites** – As a minimum, pilot must possess a multi-engine and instrument rating with 1,000 hours total time.

**Course Dates** – For course dates, please visit our website at [flightsafety.com](http://flightsafety.com) or contact any of the Learning Centers listed below.
