

Dassault Falcon 50

Professional Pilot and Technician Training Programs

FlightSafety offers comprehensive, professional training on all models of the Dassault Falcon 50. Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency and safety. We provide pilot training for the Falcon 50 at our Learning Centers in Houston, Texas, and Paris-Le Bourget, France. Maintenance technician training is available in Dallas, Texas; Paris-Le Bourget, France; and Wilmington, Delaware.

Innovation With One Purpose: Training Corporate Aviation Professionals for Safety and Proficiency

FlightSafety International is the world's leading aviation training organization. The leader in experience. The leader in technological innovation. The leader in global reach. FlightSafety serves the world's aviation community providing total aviation training for pilots, maintenance technicians and other aviation professionals. We serve business, commercial, general and military aviation with training for virtually all fixed-wing aircraft and helicopters. We live, breathe and ThinkSafety.

FlightSafety is the original factory-authorized training provider for Dassault Falcon aircraft. We offer type-specific simulator-based training on virtually all Dassault business aircraft, from the Falcon 10/100, Falcon 20/20-5, Falcon 50/50PL21* and Falcon 50EX to models such as the Falcon 900, 900B, 900C*; Falcon 900EX, Falcon 900EX EASy/DX/LX, Falcon 2000, 2000EX*; Falcon 2000EX EASy/DX/LX/S/LXS, Falcon 7X and the Falcon 8X. FlightSafety Learning Centers offer Falcon pilots and maintenance technicians the resources required to achieve proficiency and safety. Our Falcon Learning Centers are strategically located for customer convenience and in close proximity to major Dassault Falcon facilities in Columbus, Ohio; Dallas, Texas; Houston, Texas; Paris-Le Bourget, France; Teterboro, New Jersey; and Wilmington, Delaware.

Dassault Falcon 50

Training Program Highlights (continued from previous page)

- We offer Falcon 50 maintenance training at our Learning Centers in Dallas, Texas; Paris-Le Bourget, France; and Wilmington, Delaware.
- Advance your career while enhancing safety and improving dispatch reliability with FlightSafety's exclusive Master Technician training for the Falcon 50. Master Technicians are recognized throughout the industry as having achieved the pinnacle of training for their aircraft.
- General Emergency training is available at our Learning Centers in Dallas, Texas; Paris-Le Bourget, France; and Teterboro, New Jersey.

Your FlightSafety Learning Center Experience

- 1 Check-In/Orientation** Arriving at the center, you receive a warm greeting and a welcome packet of information about the specifics of your stay.
- 2 Classroom Instruction** Receive thorough classroom training from experienced, dedicated instructors supported by effective, state-of-the-art training devices.
- 3 Peer Interaction** Enjoy daily give-and-take with your peers, an important and stimulating additional source of information.
- 4 Self-Paced Learning** While you're with us, take advantage of opportunities to review topics or learn new subject matter through a variety of self-paced learning materials.
- 5 Simulator Briefings** Prior to each simulator flight, review with your instructor the procedures and specific objectives of that particular session.
- 6 Simulator Training** Coached by your highly qualified instructor, practice and refine the flight-deck procedures requisite to your course of training.
- 7 Simulator Debriefings** After each simulator flight, debrief with your instructor to measure your progress and set your learning priorities.
- 8 Results** Complete your training knowing you have the information and skills your job demands – because training doesn't stop until you've reached proficiency.

The FlightSafety Customer Training System

The FlightSafety Customer Training System provides professional, safety-centered training that leads to proficiency, heightened decision-making and leadership skills.

Inside the Most Trusted Name in Training

Global Leadership FlightSafety delivers more than 1.4 million hours of professional aviation training each year. We operate the world's largest aviation training network, with Learning Centers and training locations around the globe. We are honored to serve as the authorized training provider for the majority of business aircraft manufacturers.

Expert Instructors FlightSafety fields more than 1,800 of the industry's best instructors, each devoted to ensuring that our Customers are trained to proficiency. Each with the experience and credentials necessary to help our Customers perform at the highest levels of safety.

Strategic Locations. Worldwide Vision. We train to best meet our Customers' needs, wherever they may be. This is why FlightSafety's Learning Centers are strategically located adjacent to the major aircraft manufacturers or in other areas that best serve our Customers. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to the aircraft of one manufacturer.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.*

*Not all programs qualified by all authorities listed.

Falcon 50 Pilot Training – FAA

COURSE CURRICULUM	INITIAL	RECURRENT	FAA PRIOR EXPERIENCE
COURSE MODULE	18-19 DAYS	4-5 DAYS	5-6 DAYS
Ground School	46.0 hours	16.0 hours	11.0 hours
Systems Integration Training	10.0 hours	2.0 hours	1.0 hours
Briefing	12.0 hours	4.5 hours	5.0 hours
Simulator	18.0 hours	6.0 hours	16.0 hours

Training taken at the Paris-Le Bourget Learning Center may require additional time.

Falcon 50 Pro Line 21 Training – Ground school differences training is available in conjunction with an initial or recurrent course.

Prior Experience Course – Requires additional training such as LOST and checkride in simulator, but is included in price.

FAA Prior Experience Prerequisites – Pilot must have completed the initial course without receiving a type rating and is currently

acting as SIC, or have a minimum of 100 hours of flight time in this aircraft type, and must possess a minimum of 1,000 hours flight experience in an aircraft as a pilot. This course is only available at U.S. locations.

Flight Training – Course length does not include flight training days, if required. All flight training is done in a customer-provided aircraft.

Additional Training Available – EASA, Part 135, Differences, Landing Currency.

Course Dates – For course dates, please visit our website at flightsafety.com or contact any of the Learning Centers listed below.
