**Planeview Avionics training** - Trained to proficiency for all pilots based on FAA/JAA standards.

**ADS-B training** - This course does not cover ADS-B. Pilots requiring training on this topic are encouraged to attend FlightSafety's [eLearning ADS-B](#) course.

**Training Materials** – Training and Pre-Course Study materials are available electronically to clients 60 days prior to scheduled training via FlightBag, our second-generation training materials app. Materials are updated automatically as new information becomes available, yet keeps all of your previous notes. The FlightBag App is available on iTunes for free.

**Course Length** - Does not include flight training or simulator check days, if required. All flight training is conducted in a customer-provided aircraft.

**Maintenance Training** – Maintenance Training is also available for this aircraft.

**Course Dates** - For course dates, please visit our website at [www.flightsafety.com](http://www.flightsafety.com) or contact the Learning Center listed below.
