Course Length - Course length does not include simulator check days, if required. For FAA Initial and Prior Experience courses, a simulator check is required. A simulator check day will be given for Non-FAA courses when requested.

Simulator Training – Both Pilot Flying and Pilot Monitoring time is available if training as a crew, paired with another client, or a FlightSafety Instructor. When training as a crew, the total simulator hours in an Initial course will be 24, in a Prior Experience course 16 hours, and in a Recurrent course 12 hours.

Type Rating Prerequisites – As a minimum, pilot must possess a multi engine and instrument rating with 1000 hours total time for the type rating.

Prior Experience Course – This course is designed for pilots who are currently flying the aircraft and who are seeking an FAA type rating, or an ATP with a type rating. These pilots must have completed an FAA approved initial course prior to enrollment and meet the type rating prerequisites.

ATP Prerequisites – FlightSafety is able to administer Airline Transport Certificate (ATP) Checks during the Pilot Initial and Prior Experience Course. To qualify, pilots must meet the requirements of 14 CFR Part 61.155 through 61.159.

Recurrent Course – This course is designed for pilots who seek recurrent training and if needed, 14 CFR Part 61.58 certification.

Second Crewmember Rate- Pilot training that requires FlightSafety to provide a second crewmember will be charged an additional hourly rate per simulator hour. Please contact the Learning Center for details.

Training Materials – Training and Pre-Course Study materials are available electronically to clients 60 days prior to scheduled training via FlightBag, our second-generation training materials app. Materials are updated automatically as new information becomes available, yet keeps all of your previous notes. The FlightBag App is available on iTunes for free.
