

General Emergency Training Initial (With Drills)

Corporate Crew Members

Course Information

Course Description – 8.0 Hour Course

General Emergency Training Initial provides corporate flight crewmembers with knowledge and procedures for handling emergency situations. The course includes actual use of emergency equipment such as window and door exits, fire extinguishers, oxygen equipment, life vests, and life rafts.

This course fulfills the FAA requirement and IS-BAO/ICAO recommendation for emergency procedures familiarization every 12 months and drills training every 24 months.

This course can be taught at our Learning Centers or onsite at your facility.
