Beechcraft Baron and Bonanza

Professional Pilot and Technician Training Programs
FlightSafety offers comprehensive, professional training on Beechcraft Baron and Bonanza aircraft. Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency and safety. The Wichita East Learning Center for Beechcraft Baron and Bonanza is located in Wichita, Kansas. We also offer a full range of maintenance training at our Wichita Hawker Beechcraft Maintenance Learning Center.

**Innovation With One Purpose: Training Corporate Aviation Professionals for Safety and Proficiency**

FlightSafety International is the world’s leading aviation training organization. The leader in experience. The leader in technological innovation. The leader in global reach. FlightSafety serves the world’s aviation community providing total aviation training for pilots, maintenance technicians and other aviation professionals. We serve business, commercial, general and military aviation with training for virtually all fixed-wing aircraft and helicopters. We live, breathe and ThinkSafety.

FlightSafety enjoys a strong relationship with Beechcraft that is built around our training programs for its wide range of aircraft. Our Learning Center offers business aviation pilots and maintenance technicians of Beechcraft Baron and Bonanza aircraft the resources to achieve proficiency and safety. FlightSafety offers training on Hawker and Beechcraft aircraft at Learning Centers in Atlanta, Georgia; Houston, Texas; LaGuardia Airport, New York; London Farnborough, United Kingdom; Long Beach, California; Wichita, Kansas; and Wilmington, Delaware.
Beechcraft Baron and Bonanza Training Program Highlights

• FlightBag, our second-generation training materials app, allows you to download complete training materials and access them wherever you are from any device. Materials are updated automatically as new information becomes available, yet it keeps all of your previous notes.

• The Wichita East Learning Center offers full initial and recurrent training for the Baron and Bonanza.

• Instrument and weather courses are available upon request.

• The Baron and Bonanza training programs satisfy instrument proficiency check requirements and flight review requirements once every two years.

• Partner Pricing and two-day recurrent options are available for additional flexibility.

(continued on next page)
Beechcraft Baron and Bonanza Training Program Highlights (continued from previous page)

- The Wichita East Learning Center is located near Beechcraft’s aircraft manufacturing facilities. Plant tours may be conducted upon request.

- Simulators (FTDs) outfitted with Garmin 430/530 or Garmin 1000 (with Synthetic vision) avionics for the most realistic training experience possible.

- All Baron and Bonanza pilot and maintenance courses are Beechcraft factory approved.

- For your convenience, we offer maintenance training either at our Wichita Maintenance Learning Center or at your location.

- Maintenance courses valid towards FAA IA renewal.

- All FlightSafety courses include the latest production change information, supplied by Beechcraft.
Your FlightSafety Learning Center Experience

1. **Check-In/Orientation** Arriving at the center, you receive a warm greeting and a welcome packet of information about the specifics of your stay.

2. **Classroom Instruction** Receive thorough classroom training from experienced, dedicated instructors supported by effective, state-of-the-art training devices.

3. **Peer Interaction** Enjoy daily give-and-take with your peers, an important and stimulating additional source of information.

4. **Self-Paced Learning** While you’re with us, take advantage of opportunities to review topics or learn new subject matter through a variety of self-paced learning materials.

5. **Simulator Briefings** Prior to each simulator flight, review with your instructor the procedures and specific objectives of that particular session.

6. **Simulator Training** Coached by your highly qualified instructor, practice and refine the flight-deck procedures requisite to your course of training.

7. **Simulator Debriefings** After each simulator flight, debrief with your instructor to measure your progress and set your learning priorities.

8. **Results** Complete your training knowing you have the information and skills your job demands – because training doesn’t stop until you’ve reached proficiency.

FTD – Flight Training Device
The FlightSafety Customer Training System provides professional, safety-centered training that leads to proficiency, heightened decision-making and leadership skills.
Global Leadership  FlightSafety delivers more than 1.4 million hours of professional aviation training each year. We operate the world's largest aviation training network, with Learning Centers and training locations around the globe. We are honored to serve as the authorized training provider for the majority of business aircraft manufacturers.

Expert Instructors  FlightSafety fields more than 1,800 of the industry’s best instructors, each devoted to ensuring that our Customers are trained to proficiency. Each with the experience and credentials necessary to help our Customers perform at the highest levels of safety.

Strategic Locations. Worldwide Vision.  We train to best meet our Customers’ needs, wherever they may be. This is why FlightSafety’s Learning Centers are strategically located adjacent to the major aircraft manufacturers or in other areas that best serve our Customers. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to the aircraft of one manufacturer.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.*

*Not all programs qualified by all authorities listed.

**Aircraft Covered** – Training is available for the Baron 55, 58, 58TC, G58, Bonanza and Bonanza G36.

**Course Completion** – Multiengine Instrument Rating required for Baron Course Completion and Instrument Rating required for Bonanza Course completion. Successful completion of the course can result in a Biennial Flight Review and an Instrument Proficiency Check for IFR rated pilots. VFR training is available upon request.

**Bonanza and Baron G1000 Training** – Pilots enrolled in the initial course that operate a Bonanza G36 or Baron G58 will receive additional training in the initial course which will extend the course length to 7 days.

**G1000 Avionics Course** – This course is designed for pilots who already have experience in the Baron or Bonanza aircraft and are transitioning into the G1000 cockpit. The course must be taken in conjunction with the recurrent course, where emphasis is placed on avionics the first 2 days.

**Two-Day Recurrent Course**: The two-day recurrent course is recommended for recurrent pilots who have attended at least one recurrent course. The two-day course covers the same material as the three-day course. No crew training is available in the two-day format.
Beechcraft Baron and Bonanza Series (58, G58, A36, G36, B36TC) Maintenance Training
