

Cessna Citation I, II, S/II and V

Professional Pilot and Technician Training Programs

As the factory-authorized training provider for Cessna Aircraft Company for more than four decades, FlightSafety offers type-specific, simulator-based training on all Cessna Citation models, including the Citation I, II, S/II, and V. Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency and safety. FlightSafety Learning Centers for the Cessna Citation I, II, S/II and V are located in Atlanta, Georgia; Long Beach, California; and San Antonio, Texas. We offer maintenance training in Wichita, Kansas.

Innovation With One Purpose: Training Corporate Aviation Professionals for Safety and Proficiency

FlightSafety International is the world's leading aviation training organization. The leader in experience. The leader in technological innovation. The leader in global reach. FlightSafety serves the world's aviation community providing total aviation training for pilots, maintenance technicians and other aviation professionals. We serve business, commercial, general and military aviation with training for virtually all fixed-wing aircraft and helicopters. We live, breathe and ThinkSafety.

FlightSafety enjoys a strong relationship with Cessna that is built around FlightSafety's programs for aircraft including the Citation series. FlightSafety Learning Centers offer business aviation pilots and maintenance technicians of Cessna Citation aircraft the resources to achieve proficiency and safety. Cessna Citation Learning Centers are located in Atlanta, Georgia; Columbus, Ohio; London Farnborough, United Kingdom; Long Beach, California; Orlando, Florida; San Antonio, Texas; and Wichita, Kansas – sites chosen for customer convenience and proximity to major service facilities.

Cessna Citation I, II, S/II and V Training Program Highlights

- FlightBag, our second-generation training materials app, allows you to download complete training materials and access them wherever you are from any device. Materials are updated automatically as new information becomes available, yet it keeps all of your previous notes.
- Cessna simulators are equipped with various avionics suites to provide training options that are relevant to your specific needs.
- We offer a range of differences training courses for transition to closely related Citation aircraft models.
- We offer a wide variety of specialty and enrichment training through our eLearning and LiveLearning courses.
- Operators training at our San Antonio Learning Center can take advantage of the nearby Cessna Maintenance Center.

(continued on next page)

Cessna Citation I, II, S/II and V Training Program Highlights (continued from previous page)

- Our San Antonio Learning Center houses the world's only Citation S/II simulator.
- All of our Cessna I, II, S/II and V Learning Centers offer Single Pilot Waiver training.
- Advance your career while enhancing safety and improving dispatch reliability with FlightSafety's exclusive Master Technician training for the Citation I, II, S/II and V. Master Technicians are recognized throughout the industry as having achieved the pinnacle of training for their aircraft.
- Our dedicated maintenance facility in Wichita offers cutting-edge technology and features maintenance classrooms, engine shops, an avionics lab, classrooms and a 17,500-square-foot hangar. This facility is conveniently located right next door to the Wichita Cessna Service Center.
- Cessna I, II, S/II and V maintenance courses include factory-authorized Pratt & Whitney Canada engine training.

Your FlightSafety Learning Center Experience

- 1 Check-In/Orientation** Arriving at the center, you receive a warm greeting and a welcome packet of information about the specifics of your stay.
- 2 Classroom Instruction** Receive thorough classroom training from experienced, dedicated instructors supported by effective, state-of-the-art training devices.
- 3 Peer Interaction** Enjoy daily give-and-take with your peers, an important and stimulating additional source of information.
- 4 Self-Paced Learning** While you're with us, take advantage of opportunities to review topics or learn new subject matter through a variety of self-paced learning materials.
- 5 Simulator Briefings** Prior to each simulator flight, review with your instructor the procedures and specific objectives of that particular session.
- 6 Simulator Training** Coached by your highly qualified instructor, practice and refine the flight-deck procedures requisite to your course of training.
- 7 Simulator Debriefings** After each simulator flight, debrief with your instructor to measure your progress and set your learning priorities.
- 8 Results** Complete your training knowing you have the information and skills your job demands – because training doesn't stop until you've reached proficiency.

Simulator Profiles

Location	Year Built	Sim Level	Visual System	Approvals	Avionics	Additional Equipment
Atlanta (Citation II)	1987	C	VITAL X	FAA, ANAC-Brz, MDGAC,	Honeywell SPZ-500 TC, ANAC-Arg	Garmin 530/KLN 90B, FMS, Dual IOS, GPWS, TCAS
Long Beach (Citation II)	1985	C	VITAL 1100	FAA, MDGAC, TC	KLN 90B	N/A
Long Beach (Citation V)	1993	C	VITAL IX	FAA, MDGAC, TC	Honeywell EDZ-605 EFIS	GNX-XLS, EGPWS
San Antonio (Citation S/II)	1986	C	VITAL IV	FAA, MDGAC, TC	GNS-XL	EFIS, Mechanical Flight Director

CPT – Cockpit Procedures Trainer

The FlightSafety Customer Training System

The FlightSafety Customer Training System provides professional, safety-centered training that leads to proficiency, heightened decision-making and leadership skills.

Inside the Most Trusted Name in Training

Global Leadership FlightSafety delivers more than 1.4 million hours of professional aviation training each year. We operate the world's largest aviation training network, with Learning Centers and training locations around the globe. We are honored to serve as the authorized training provider for the majority of business aircraft manufacturers.

Expert Instructors FlightSafety fields more than 1,800 of the industry's best instructors, each devoted to ensuring that our Customers are trained to proficiency. Each with the experience and credentials necessary to help our Customers perform at the highest levels of safety.

Strategic Locations. Worldwide Vision. We train to best meet our Customers' needs, wherever they may be. This is why FlightSafety's Learning Centers are strategically located adjacent to the major aircraft manufacturers or in other areas that best serve our Customers. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to the aircraft of one manufacturer.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.*

*Not all programs qualified by all authorities listed.

Cessna Citation I, II, S/II and V Pilot Training

COURSE CURRICULUM	INITIAL	RECURRENT	PRIOR EXPERIENCE
COURSE MODULE	12 DAYS	3-4 DAYS	4-5 DAYS
Ground School	36.0 hours	10.0 hours	10.0 hours
Systems Integration Training	4.0 hours	1.0 hours	1.0 hours
Briefing/Debriefing	9.0 hours	3.0 hours	4.0 hours
Simulator (Pilot Flying)	12.0 hours	6.0 hours	8.0 hours
Simulator (Pilot Monitoring)	12.0 hours	6.0 hours	8.0 hours

Pilot Monitoring Time – If pilot is not training as part of a crew, Pilot Monitoring time will be reduced.

Type Rating Prerequisites – As a minimum, pilot must possess a multi-engine and instrument rating with 1,000 hours total time for the CE500 Type Rating.

ATP Prerequisites – FlightSafety is able to administer Airline Transport Certificate (ATP) Checks during the Pilot Initial and Prior Experience Course. To qualify, pilots must meet the requirements of 14CFR Part 61.155 through 61.159.

Prior Experience Course – This course is designed for pilots who are seeking an additional type rating (Single Pilot or Crew), or the addition of an ATP. These pilots must have completed an FAA-approved course within the preceding 24 months, which led to a type rating in the same type of aircraft prior to enrollment. In addition, this course is also for those pilots who have been flying the aircraft as SIC and now want to obtain a type rating. These pilots must have completed an FAA-approved pilot initial. All Prior Experience Courses are scheduled on request.

Training Options – Atlanta conducts training in a Citation II simulator and provides differences to the Citation I or Citation V. Long Beach conducts training in either a Citation II or Citation V simulator and provides differences to the Citation I. San Antonio conducts training in a Citation S/II simulator and provides differences to the Citation I or Citation V.
