

PROFESSIONAL AVIATION TRAINING

Sikorsky S-70i Pilot Training

Course Information

Course Curriculum	Initial	Recurrent	Transition
Course Module	19 Days	5 Days	10 Days
Ground School	56.0 hours	20.5 hours	39.5 hours
Systems Integration Training (CPT)	10.0 hours	1.5 hours	6.0 hours
Briefing/Debriefing	15.0 hours	4.0 hours	5.0 hours
Simulator (Pilot Flying)	20.0 hours	8.0 hours	10.0 hours

Course length is based upon a 5 day academic calendar.

Simulator Training - Completed in a Level D “Equivalent” Device.

Course Dates - For course dates, please visit our website at www.flightsafety.com or contact the Learning Center listed below.

Simulator Training – All simulator training listed above is pilot flying time. Pilot not flying time is available if training as a crew or if paired with another client. If a FlightSafety Instructor is used as a second crew member, an additional fee will be charged.

Systems Integration Training - This segment provides the pilot with the skills to operate the aircraft, integrate the theory delivered in the ground school, and applies those skills to the operation of the aircraft specific equipment.

NVG Training - This device is NVG compatible. For coordination of NVG customer specific training requirements please contact the Learning Center.

Maintenance Training – Maintenance Training is also available for this aircraft.

Please note – No FAA credited ratings are issued as part of these courses.

Warning: Technical Data subject to the U.S. International Traffic In Arms regulations (ITAR), 22 C.F.R. chapter 1, subchapter M, parts 120-130. Export, re-export or transfer outside of the U.S. or to Non-U.S. persons without prior U.S. government authorization is prohibited.
