

PROFESSIONAL AVIATION TRAINING

Unmanned Systems Training eLearning – 14 CFR, Part 107 Familiarization Course

Course Information

Be prepared for the FAA's Remote Pilot Examination with this eLearning course designed for Unmanned Aircraft Systems (UAS) pilots. Successful completion of this exam is required to obtain your commercial remote pilot license.

This course has unique quiz functionality that becomes unlocked upon completion. Identify where you excelled, where you can improve, and then go back and improve your score. With a full year of access, you can also use the course for review as long as you have an internet connection.

- Identify how to safely and legally operate a small UAS (sUAS) in the United States
- Become familiar with sUAS flight physics
- Define human factors in sUAS operations
- Become familiar with environmental factors which affect UAS operations
- Recall regulatory limitations
- Become familiar with radio communications
- Assist you with successfully passing your FAA 14 CFR Part 107 written test examination

To enroll in this course, please contact eLearning Operations at 877-606-3334 or 416-373-5771. For more information please visit <https://elearning.flightsafety.com/ust-part-107.html>

Course Curriculum – approximately 12 hours self-paced

This self-paced course covers the following topics:

- Part 107 UAS Regulations
- Airspace Operating Requirements
- Aviation Weather Sources
- Small Unmanned Aircraft Loading
- Human Factors/CRM elements
- Airport Operations
- Examination Preparation
- Airspace Classifications
- Airspace Flight Restrictions
- Effects of Weather on sUAS Aircraft Performance
- Emergency Procedures
- Radio Communications Procedures
- Maintenance and Preflight Inspection Procedures

To learn about additional Unmanned System Training courses, please contact our UST team at 800.769.0008 or email at UST@flightsafety.com.

System Requirements

PC or Apple Mac minimum requirements: Operating System: Windows 7 or newer (PC), OS X 10.7 (Lion) or newer (Mac), Browser: Google Chrome (recommended), Apple Safari, Mozilla Firefox or Internet Explorer 9+, Adobe Flash 9.0+, Speakers or Headset/Headphones, Stable High-Speed internet connection.

Apple iPad minimum requirements: Operating System: iOS6 or newer, Browser: Apple Safari, Google Chrome, Stable High-Speed internet connection.
