

PROFESSIONAL AVIATION MAINTENANCE TRAINING

# Gulfstream GV Engine Run & Taxi Update

*Course Information*

**Course Description – 1 Day Course**

This course is appropriate for Maintenance Technicians who may be required to taxi and perform engine parameter checks on the GV aircraft. Consisting of three modules, training combines ground school and simulator training to cover normal, abnormal and emergency procedures.

The course is usually taken as a refresher for the Engine Run and Taxi Initial Course.

Completion of the program ensures enhanced safety during engine run-up and taxiing, and a heightened level of system knowledge.

Upon successful completion of this course the participant should receive a final check at his or her own work center.

FlightSafety Material Number ..... 304344
