

PROFESSIONAL AVIATION MAINTENANCE TRAINING

P&WC PT6C-67 Series to PT6C-67E Differences Course

Including OLT General Familiarization – Level 1

Course Information

Course Description – 1 Day Course

The PT6C-67E Differences Course is intended for the experienced mechanic and teaches the differences for the E derivative for the PT6C-67 Series. It also includes detailed information of the engine systems and components. It will provide a suitable level of knowledge to analyze and troubleshoot a problem using the available publications and manuals in order to help decide which component to repair or replace.

FAA - FlightSafety Material Number 302971
