TRAINING

Experienced Instructors, Superior Training Technology

FlightSafety International and TRU Simulation + Training, a Textron, Inc. company, have joined forces to provide aviation professionals the most superior training experience. FlightSafety Textron Aviation Training utilizes the combined capabilities of two global leaders for comprehensive, professional training for pilots and maintenance technicians on the Citation X and Citation X+. Training for pilots of the Citation X and X+ is available at Learning Centers in Columbus, Ohio; Orlando, Florida; and Wichita, Kansas. Maintenance technicians train at our Wichita Maintenance Learning Center in Wichita, Kansas.

Innovation With One Purpose: Training Aviation Professionals for Safety and Proficiency

Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency. Aviation professionals leverage decades of instruction knowledge and manufacturing expertise for an unmatched training environment.

Learning Centers offer regional and business aviation pilots and maintenance technicians the resources to achieve proficiency and safety. Training on Textron Aviation aircraft is conducted at Learning Centers in Atlanta, Georgia; Carlsbad, California; Columbus, Ohio; Farnborough, United Kingdom; Houston, Texas; LaGuardia, New York; Long Beach, California; Orlando, Florida; San Antonio, Texas; Seattle, Washington; Tampa, Florida; Teterboro, New Jersey; Toronto, Canada; Wichita, Kansas; and Wilmington, Delaware.

Citation X/X+ Training Program Highlights

- FlightSafety Textron Aviation Training offers multiple locations for your Citation X training. Our Wichita, Kansas and Orlando, Florida Learning Centers are located nearly next to the Textron Aviation Service Centers.
- FlightSafety is the only training provider that offers Citation X+ training - in a dedicated Citation X+ simulator.
- FlightBag, our second-generation training materials app, allows you to download complete training materials and access them wherever you are from any device. Materials are updated automatically as new information becomes available, yet it keeps all of your previous notes.

GFS – Graphical Flight-deck Simulator

Citation X/X+ Pilot Training

COURSE CURRICULUM	INITIAL	RECURRENT	PRIOR EXPERIENCE
COURSE MODULE	19 DAYS	5 DAYS	6 DAYS
Ground School	58.0 hours	18.0 hours	22.0 hours
Systems Integration Training	16.0 hours	1.0 hours	1.0 hours
Briefing/Debriefing	7.5 hours	3.0 hours	4.0 hours
Simulator (Pilot Flying)	12.0 hours	6.0 hours	8.0 hours
Simulator (Pilot Monitoring)	12.0 hours	6.0 hours	8.0 hours

Prior Experience Course – This course is designed for pilots who are seeking the addition of an ATP. These pilots must have completed an FAA-approved course that led to a type rating prior to enrollment. In addition, this course is also for those pilots who have been flying the aircraft as SIC and now want to obtain a type rating. These pilots must have completed an FAA-approved pilot initial course and meet the type rating prerequisites. **All Prior Experience Courses are scheduled on request.**

Training Options – Split Bus for Citation X: Columbus, Orlando and Wichita Learning Centers. Citation X+ training is only available in Wichita.

Inside the Most Trusted Name in Training

Expert Instructors FlightSafety Textron Aviation Training fields the industry's best instructors, each devoted to ensuring that our Customers are trained to proficiency. With the experience and credentials necessary, they help our Customers perform at the highest levels of safety.

Strategic Locations We train to best meet our Customers' needs, wherever they may be. This is why Learning Centers are strategically located throughout North America and the United Kingdom to best serve Beechcraft, Cessna and Hawker operators. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to one specific aircraft brand.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.*

*Not all programs qualified by all authorities listed.
