Simulator (Pilot Flying)	16.0 hours	6.0 hours	8.0 hours	N/A

*The above curriculum only applies to the Tampa Learning Center and as noted is per pilot.*

**ONLINE GROUND SCHOOL (OGS)** – Is available for Citation M2 Recurrent and Prior Experience courses at our Tampa Learning Center. For additional information contact the Tampa Learning Center.

**Simulator (Pilot Monitoring)** – Pilot monitoring simulator time is included should the pilot train as a crew or if paired with another client.

**Indoctrination Course** – FlightSafety has designed a 2-day Indoctrination Course required for pilots who possess a CE525/S type rating, have experience in the CJ1+, CJ2+, CJ3, or CJ4 and are transitioning to the M2. This course is conducted the 2 days prior to the start of the standard CJ3+ Recurrent or Prior Experience Course, on select days. Pilots attending Recurrent or Prior Experience Courses who have already attended the CJ3+ or M2 Indoctrination Course are not required to attend the Indoctrination Course again but are welcome to attend for an additional charge.

**Prior Experience Course** – This course is designed for pilots who are seeking an additional type rating (Single Pilot or Crew), or the addition of an ATP. These pilots must have completed an FAA approved course which led to a type rating prior to enrollment. In addition, this course is also for those pilots who have been flying the aircraft as SIC and now want to obtain a PIC Type Rating. These pilots must have completed an FAA approved pilot initial course and meet the type rating prerequisites.

**Maintenance Training** – Maintenance Training is available for this aircraft at our Wichita Maintenance Learning Center in Wichita, Kansas.

**Course Dates** - Please visit our website at [www.flightsafetytextronaviationtraining.com](http://www.flightsafetytextronaviationtraining.com) or contact the Learning Center directly.

**Training Location Options** – M2 training is also available at our Wichita East Learning Center in Wichita, Kansas. A Fact Sheet is available for this location on request.
