

Citation Excel/XLS LiveLearning Recurrent Pilot Training

Course Information

This FAA approved course is designed to offer a convenient training option by replacing the ground school, traditionally conducted at the Learning Center, with an instructor-led online ground school to be taken from the comfort of your own home. The pilot will have **90** days from the completion of the LiveLearning Ground School to complete the simulator training. To schedule, the pilot should contact the Learning Center where they plan to complete their simulator training.

Course Curriculum – Online Items	3 Days
LiveLearning Ground School	10.0 hours
Course Curriculum – Learning Center Items	3 Days
Proctored written exam at the center	1.0 hours
Systems Integration Training	1.0 hours
Briefing/Debriefing	2.0 hours
Simulator Single: (Pilot Flying)	6.0 hours

Scheduling – The pilot should contact the Learning Center where they plan to complete their simulator training. Pilots must have a computer with an internet connection, headset with a microphone or telephone to participate. While attending the LiveLearning ground school, pilots should follow the same guidelines as if they were in the Learning Center. Enrolled clients who fail to join the scheduled LiveLearning or miss more than 60 minutes of the training session, will be withdrawn from the event, and may reenroll in a future course.

Citation Excel/XLS LiveLearning Recurrent is currently available for FAA and EASA clients. EASA training is only available at our Farnborough Training Center with program approval by the company Flight Operations Inspector and incorporated into the company's OM-D. Please check with your regulatory authority should you have any additional questions regarding approval.

Course Dates – For course dates, please contact the preferred Learning Center listed at the bottom of the page.
