**Simulator Check** - Course length does not include simulator check days, if required.

**iPads Available in Lieu of Printed Material** - FlightSafety International is pleased to announce that iPads will be provided at no cost in lieu of printed training manuals to pilots enrolled in 50EX training. In an effort to keep those who train with us connected and engaged in an interactive learning experience throughout their training. The FlightSafety iPad app provides access to interactive tools, videos, and reference libraries. Additionally, it offers access to updated training materials for up to 12 months after the completion of training.

**Prior Experience Course** – This course is designed for pilots who are seeking the addition of an ATP. These pilots must have completed an FAA approved course which led to a type rating prior to enrollment. In addition, this course is also for those pilots who have been flying the aircraft as SIC and now want to obtain a type rating. These pilots must have completed an FAA approved pilot initial course and meet the type rating prerequisites. All Prior Experience Courses are scheduled upon request.

**Type Rating Prerequisites** – As minimum, pilots must possess a multi engine and instrument rating with 1000 hours total time for Type Rating.

**ATP Prerequisites** – FlightSafety is able to administer Airline Transport Certificate (ATP) Checks during the Pilot Initial and Prior Experience Course. To qualify, pilots must meet the requirements of 14 CFR Part 61.155 through 61.159.

**Maintenance Training** – Maintenance Training is also available for this aircraft.

**Course Dates** - For course dates, please visit our website at [www.flightsafety.com](http://www.flightsafety.com) or contact any of the Learning Centers listed below.
