

King Air 250 Fusion Recurrent Online Ground School (OGS)

Course Information

Online Ground School (OGS) is FAA approved and allows the pilot to complete the ground school modules of the Recurrent training event online no more than 90 days prior to attending the simulator portion at the Learning Center. OGS allows the pilot 24/7 access which provides flexibility to complete at their own pace.

Course Curriculum - Online Items	Tampa Self-Paced
Online Ground School (OGS)	10-12 hours
Course Curriculum - Learning Center Items	3 Days
Ground Operational Subjects	1.0 hours
Validation Exam	1.0 hours
Briefing / Debriefing	4.5 hours
Simulator Single: (Pilot Flying)	6.0 hours

The above curriculum applies as noted, per pilot.

To enroll, pilots need to contact the Learning Center where they prefer to attend simulator training. Once scheduled for simulator training, the pilot will be enrolled in OGS and given access to the online Client Management System (CMS). Access will begin no more than 90 days prior to the first day of the scheduled simulator training.

Upon arrival to the Learning Center to complete the simulator training, pilots must complete the Validation Exam and achieve a minimum grade of 80%. If a score of less than 80% is achieved, the pilot will be required to be retrained onsite by a qualified instructor and retested before completing the simulator training.

One Time paying Clients receive access to OGS for 90 days after the simulator training completion. Full Service Clients receive OGS access for 365 days after simulator training completion.

Prior Experience Courses are only offered at our Tampa Learning Center.

Course Dates – For course dates, please contact the preferred Learning Center listed at the bottom of the page.
