Simulator (Pilot Flying)	12.0 hours	6.0 hours	8.0 hours

Course Length – Course Length varies by Center. Prior to making travel reservations, please contact the Learning Center.

61.157 Prior Experience - This course is designed for pilots who are seeking an additional type rating, or the addition of an ATP. In addition, this course is also for those pilots who have been flying the aircraft as SIC and now want to obtain a Type Rating. Pilots must meet the type rating prerequisites below. All Prior Experience Courses are scheduled on request.

61.157 Prior Experience Course Prerequisites:

- Pilot must have attended a FlightSafety initial or recurrent course, or other approved training course with the equivalent course hours and content.
- Pilot must provide documentation of high altitude training under 61.31 (g) (1) or concurrently complete the curriculum.
- All prerequisites documentation must be reviewed by the Director of Training prior to scheduling into this course to ensure Pre-requisites have been met.

ATP Check Ride - Pilots may concurrently apply for an ATP certificate but they must review the applicant requirements in the FARs 61.153, 61.155 and 61.159 and hold a MEL class rating without centerline thrust restrictions. The pilot must bring all logbooks and written test results. Please advise the scheduler of your intention to add ATP to initial, prior experience or recurrent course as the objectives and the length of the course may vary.

Maintenance Training – Maintenance Training is also available for this aircraft.

Course Dates - For course dates, please visit our website at www.flightsafety.com or contact any of the Learning Centers listed below.
