Planeview Avionics training - Trained to proficiency for all pilots based on FAA/EASA standards.

Simulator Training – Simulator hours are based on crew training.

Course Length - Course length does not include simulator check days, if required.

Differences Training - Differences training is not conducted on a standalone basis and must be taken in conjunction with either a G450 or G550 Initial or Recurrent (as outlined below). These courses will be scheduled, immediately after the completion of the related aircraft specific recurrent training, during the same training period.

*****Note G550 Courses include training for G500-5000**

Transition Training – Pilots transitioning from the GV to the G550 must take an avionics transition course prior to G550 Recurrent.

Course	Ground School	Cost to One Time Clients
GV to G550 Avionics Transition	6.0 hours	£2,600

Training Materials – Training and Pre-Course Study materials are available electronically to clients 60 days prior to scheduled training via FlightBag, our second-generation training materials app. Materials are updated automatically as new information becomes available, yet keeps all of your previous notes. The FlightBag App is available on iTunes for free.

G550 eRecurrent - To complete this training you must be enrolled in a G550 eRecurrent ground school, and eLearning HF/CRM General Concepts courses. All must be completed prior to check ride in the G550 simulator. Clients will have 90 days to complete the simulator portion.

Course Dates - For course dates, please visit our website at www.flightsafety.com or contact any of the Learning Centers listed below.
