# Experienced Instructors, FS1000 Level D Qualified Simulator

*FlightSafety offers comprehensive, professional training on the Bell 212 Helicopter. Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency and safety. Bell 212 training is available at the South Learning Center in Dallas, Texas.*

## **Innovation With One Purpose: Training Corporate Aviation Professionals for Safety and Proficiency**

FlightSafety International is the world's leading aviation training organization. The leader in experience. The leader in technological innovation. The leader in global reach. FlightSafety serves the world's aviation community providing total aviation training for pilots, maintenance technicians and other aviation professionals. We serve business, commercial, general and military aviation with training for virtually all fixed-wing aircraft and helicopters. We live, breathe and ThinkSafety.

FlightSafety's Bell Helicopter Training Programs were designed to meet the professional training needs of all Bell operators. The Dallas South Learning Center offers Bell 212 pilots the resources to achieve proficiency and safety. Bell program instructors are carefully selected for their high experience in Bell products. We provide training on the Bell 212 and 412 at our South Learning Center in Dallas, Texas. Bell 430 training is conducted at our Learning Center in Lafayette.

# Bell 212 Helicopter Training Program Highlights

- The Dallas South Learning Center houses the only Bell 212 simulator in the continental United States.
- Bell 212 avionics include Garmin 500 GPS.
- Bell 212 training is available in Spanish and Portuguese.
- FlightSafety simulator training can incorporate photo-realistic scenes of New York City and offshore oil rigs as well as brownout and whiteout conditions.
- Using FlightSafety's high-fidelity graphics package, Bell Helicopter simulators feature special visual scenes and effects to give Bell operators the most relevant training available.
- FlightSafety helped pioneer Federal Aviation Administration Level D full flight simulation for helicopters.

## Simulator Profiles

Location	Sim Level	Approvals	Avionics	Additional Equipment
Dallas (South)	D	FAA	Bendix King/Honeywell, Garmin GPS 500W, Weather Radar	Cargo Hoist, Emergency Floats, NVG Compatible

# Bell 212 Pilot Training

COURSE CURRICULUM	INITIAL	RECURRENT
COURSE MODULE	12 DAYS	4 DAYS
Ground School	31.50 hours	12.75 hours
Briefing/Debriefing	10.00 hours	6.00 hours
Simulator (Pilot Flying)	10.00 hours	6.00 hours

Will provide pilots with the academic and practical “hands-on” training required to attain Pilot-in-Command (PIC) qualification in the Bell Model 212.

**Simulator Training** – Simulator sessions are 1.5 hours each, during which each maneuver or procedure is demonstrated and practiced to proficiency. The pilot has the opportunity to practice a variety of both normal and malfunction/emergency procedures. As pilots’ backgrounds and job requirements vary, each pilot will be trained in the environment most closely approximating his or her job requirements.

**VFR Pilots** – Should the pilot not be instrument rated, Instrument Tasks will not be trained or checked.

**General Operational Subjects:**

- Weight and Balance
- Performance
- Flight Planning
- Approved Rotorcraft Flight Manual (RFM)
- Wind Shear Training
- Crew Resource Management (CRM)

# Inside the Most Trusted Name in Training

**Global Leadership** FlightSafety delivers more than 1.4 million hours of professional aviation training each year. We operate the world's largest aviation training network, with Learning Centers and training locations around the globe. We are honored to serve as the authorized training provider for the majority of business aircraft manufacturers.

**Expert Instructors** FlightSafety fields more than 2,000 of the industry's best instructors, each devoted to ensuring that our Customers are trained to proficiency. Each with the experience and credentials necessary to help our Customers perform at the highest levels of safety.

**Strategic Locations. Worldwide Vision.** We train to best meet our Customers' needs, wherever they may be. This is why FlightSafety's Learning Centers are strategically located adjacent to the major aircraft manufacturers or in other areas that best serve our Customers. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to the aircraft of one manufacturer.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.\*

\*Not all programs qualified by all authorities listed.
