

Course Description – 5 Day Course

This course is designed to meet the training requirements of avionics technicians needing to maintain Cessna 560XL/XLS/XLS+ series of aircraft.

This course begins with an overview of the Cessna publications including the Wiring diagram manuals and Electrical distribution systems. This course provides a detailed look at the Avionics systems installed in the Cessna 560XL/XLS/XLS+.

Special emphasis is placed on troubleshooting, adjustment, and functional check procedures related to the avionics and electrical systems.
