

PROFESSIONAL AVIATION MAINTENANCE TRAINING

# SAAB 340 A/B (GE CT7) Maintenance Initial

In-Center or Online Instructor-led LiveLearning®

## Course Information

### Course Description – 7 Day Course

The FlightSafety SAAB 340A/B Maintenance Initial course is designed to meet the training requirements of technicians/engineers with limited experience maintaining SAAB 340A/B aircraft.

Client will obtain the ability to recall, interpret, identify, test, troubleshoot and correlate system information applicable to the specific aircraft or engine model. Initial training covers use of OEM documentation, component location, normal operation, inspection, service and repair of aircraft systems.

Course participants will be able to demonstrate proper interpretation and utilization of technical data as well as recall major system and sub-system normal operations, safety precautions, ground handling, and system test procedures. The Initial training programs are aligned with ATA 104 Level III, FAA, EASA, TC, CASA, and CAAC requirements, as applicable.
