Briefing/Debriefing	9.0 hours	4.5 hours	4.5 hours	3.0 hours
Flight Training Device (Pilot Flying)	12.0 hours	6.0 hours	6.0 hours	4.0 hours

Course Completion – VFR and IFR Completions based on Certificate. Multi-Engine Rating is required. Please call for details.

Flight Training Device – Training will be conducted in a FAA certified AATD equipped with Garmin G1000 avionics.

G1000 Avionics Course – This course is designed for pilots who have basic experience in G1000 Avionics or the Baron and need more training in the aircraft or G1000 avionics. The course must be taken in conjunction with the Recurrent course, where emphasis is placed on avionics or additional systems training for 2 days followed by a Recurrent Course. Please call for details.

Two Day Recurrent Course:

- Recommended for Recurrent pilots who have attended at least one Baron recurrent course.
- Includes the same material covered during the Three Day Recurrent.
- Single Client only.

Training Materials – Training and Pre-Course Study materials are available electronically to clients 60 days prior to scheduled training via FlightBag, our second-generation training materials app. Materials are updated automatically as new information becomes available, yet keeps all of your previous notes. The FlightBag App is available through the App Store for free.

Maintenance Training – Maintenance Training is also available for this aircraft.

Course Dates - For course dates, please visit our website at www.flightsafetytextronaviationtraining.com or contact the Learning Center listed below.
