Textron Aviation

TRAINING

Experienced Instructors, Superior Training Technology

FlightSafety Textron Aviation Training utilizes the combined capabilities of two global leaders for comprehensive, professional pilot and maintenance technician training for the Beechcraft Premier I/IIA. We offer pilot and maintenance training for the Premier I/IIA at our Learning Centers in Wichita, Kansas.

Innovation With One Purpose: Training Aviation Professionals for Safety and Proficiency

Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency. Aviation professionals leverage decades of instruction knowledge and manufacturing expertise for an unmatched training environment.

Our Learning Centers offer regional and business aviation pilots and maintenance technicians the resources to achieve proficiency and safety. Training on Textron Aviation aircraft is conducted at Learning Centers in Atlanta, Georgia; Carlsbad, California; Columbus, Ohio; Farnborough, United Kingdom; Orlando, Florida; San Antonio, Texas; Seattle, Washington; Tampa, Florida; Teterboro, New Jersey; Toronto, Canada; Wichita, Kansas; and Wilmington, Delaware.

Beechcraft Premier I/IA Training Program Highlights

- FlightSafety Textron Aviation Training offers the world's only full motion simulator training for the Premier I/IA aircraft.
- Our Premier I/IA program allows you to conduct full 135 and ATP checks in our advanced full flight simulator.
- Additionally, our program supports both FAA and EASA regulatory requirements.
- Online, instructor-led ground school and maintenance training is available for the Premier I/IA through FlightSafety's LiveLearning. This flexible delivery is ideal for complex training at a distance.
- Our Wichita Learning Center incorporates the Graphical Flight-deck Simulator (GFS), the latest technology of the MATRIX system, within our Premier I/IA training program. The GFS provides real-time and interactive simulation during ground training that is proven to enhance your pilot's overall learning experience.
- We offer maintenance training at our Wichita Maintenance Learning Center, conveniently located next to the Textron Aviation Service Center.
- Advance your career while enhancing safety and improving dispatch reliability with FlightSafety's exclusive Master Technician training for the Premier I/IA. Master Technicians are recognized throughout the industry as having achieved the pinnacle of training for their aircraft.

Beechcraft Premier I/IA Pilot Training

COURSE CURRICULUM	INITIAL	RECURRENT	PRIOR EXPERIENCE
COURSE MODULE	17 DAYS	3-4 DAYS	5 DAYS
Ground School	48.0 hours	12.0 hours	12.0 hours
Systems Integration Training	3.0 hours	1.0 hours	1.0 hours
Briefing/Debriefing	9.0 hours	3.0 hours	4.0 hours
Simulator (Pilot Flying)	12.0 hours	6.0 hours	10.0 hours

Type Rating Requirements – As a minimum, pilot must possess a multi-engine and instrument rating with 1,000 hours total time for the RA-390 Type Rating.

Prior Experience Course – This course is designed for pilots who are seeking the addition of an ATP. These pilots must have completed an FAA-approved course which led to a type rating prior to enrollment. In addition, this course is also for those pilots who have been flying the aircraft as SIC and now want to obtain a PIC Type Rating. These pilots must have completed an FAA-approved pilot initial course and meet the type rating prerequisites. Please contact the Program Manager prior to enrolling in this course. **All Prior Experience Courses are scheduled on request.**

ATP Prerequisites – FlightSafety is able to administer Airline Transport Certificate (ATP) Checks during the Pilot Initial and Prior Experience Course. To qualify, pilots must meet the requirements of 14 CFR Part 61.155 through 61.159.

Inside the Most Trusted Name in Training

Expert Instructors FlightSafety Textron Aviation Training fields the industry's best instructors, each devoted to ensuring that our Customers are trained to proficiency. With the experience and credentials necessary, they help our Customers perform at the highest levels of safety.

Strategic Locations We train to best meet our Customers' needs, wherever they may be. This is why Learning Centers are strategically located throughout North America and the United Kingdom to best serve Beechcraft, Cessna and Hawker operators. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to one specific aircraft brand.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.*

*Not all programs qualified by all authorities listed.
