

P&WC PT6 Series Hot Section Inspection

3 DAY COURSE

The PT6 Series Hot Section Inspection course is intended for the experienced mechanic and focuses on the maintenance instructions listed in the Engine Maintenance Manual (EMM). It covers theory related to identification, location, and function of hot section components. This training uses the Engine Maintenance Manuals, Illustrated Parts Catalogs, and applicable Service Bulletins to discuss disassembly, inspection, repairs, and replacement of engine components during Hot Section Inspection.
